THE NEW MONEY CROP.

Leon County In Midst of Her Big Tobacco Harvest

Tallahassee, Fla., July 20.—Leon
county is in the midst of a tobacco
harvest, which promises to be both
bountiful and well paid for. The de-
mand for tobacco was never so good,
due to the shortage of the filler crop
in Cuba and in some measure to the
strike of the Havana cigar makers.

The acreage in this county has been
doubled during the year and the pros-
pect is that it will be more than dou-
bled during the next year. Leon
county now has about 200 acres un-
der shade, which will produce from
600 to 900 pounds to the acre. The
price according to grade ranges be-
tween 60 cents and 85 cents, some of
bringing as much as \$1 a pound. The
crops in Gadsden, Jackson and Mad-
ison counties is also heavy, and the
prosperity, which promises to come
to the tobacco farmers has created a
great demand for tobacco lands,
which can now be bought in some sec-
tions for as low a figure as \$25 an
acre, ranging upward to \$100.

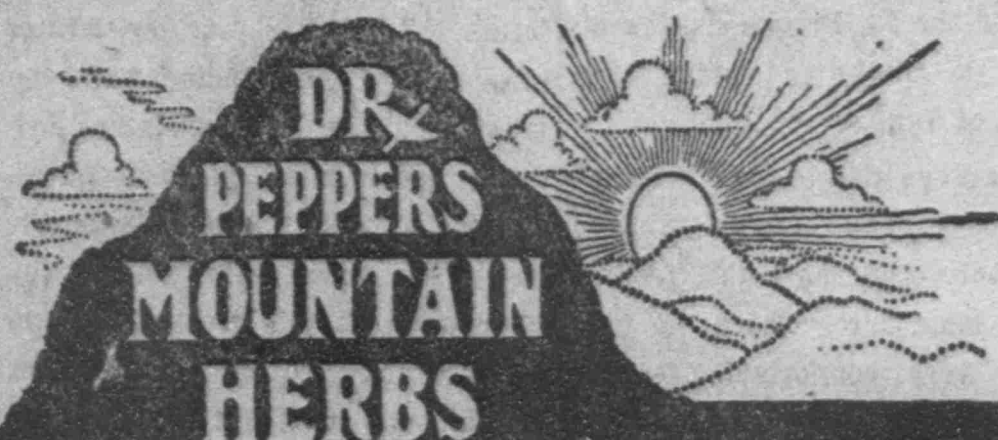

The probability is that the farmers
will pay all the initial cost with the
first year's crop. The most of the
Florida tobacco is sold in York and
Lancaster counties of Pennsylvania,
the great cigar manufacturing center.
The Sumatra leaf is grown here al-
most exclusively. It is used in the
manufacture of cigars that retail for
5 cents.

The Doctor Away From Home When Most Needed.

People are often very much disap-
pointed to find that their family phy-
sician is away from home when they
most need his services. Diseases
like cramp colic and cholera morbus
require prompt treatment, and have
in many instances proven fatal be-
fore medicine could be procured or a
physician summoned. The right way
is to keep at hand a bottle of Cham-
berlain's Colic, Cholera and Diar-
rhoea Remedy. No physician can
prescribe a better medicine for these
diseases. By having it in the house
you escape much pain and suffering
and all risk. Buy it now; it may
save life. For sale by Barclay &
Groover and all druggists.
